## Prumutec Solutions Group appoints Cees de Wijs as new CEO

CAPELLE AAN DEN IJSSEL, Netherlands – Prumutec Solutions Group announces the appointment of Cees de Wijs as its new CEO. De Wijs officially took up his new position on Monday, January 19, 2026.

He brings extensive experience as a managing director and board member, with a proven track record in growing organizations and successfully implementing strategic plans.

Cees began his career at Logica (now CGI) and has since held various leading positions. He was previously CEO at Dynniq (formerly Imtech Traffic & Infra) and headed the Infrastructure division of VolkerWessels from 2019 to 2024.

### **Stig Pastwa, Chairman of the Board of Prumutec Solutions Group:**

"With the arrival of Cees de Wijs, we are choosing a leader who combines focus with execution power. His expertise in realizing complex strategies fits well with the ambitions of the group and the further development of the individual companies. We wish Cees every success as CEO of our wonderful group specializing in roofs, lightning protection, and solar energy."

### **Cees de Wijs, CEO Prumutec Solutions Group:**

"I look forward to working with all Prumutec Group employees to further strengthen our services. In close collaboration with customers such as contractors, corporations, developers, governments, and industrial companies, we work daily on innovative roofing systems for both new construction and renovation projects, supplemented with service and maintenance. What drives me is the ambition to make a positive contribution to society and to a future-proof, climate-adaptive built environment with leading, sustainable roofing solutions within our roofing, solar energy, and lightning protection divisions."
